Automation Legend

This SOP is an operations manual and an automation roadmap. Every task is categorised by how it is handled:

-  **FULLY AUTOMATED** — AI agent handles 100%, no human input required
 -  **AI-ASSISTED** — AI does the work, human reviews & approves
 -  **HUMAN ONLY** — Requires human judgment, relationship, or physical action
-

MONDAY — Week Setup

Set the week in motion. Confirm jobs, crew, and pipeline before 9am.

- ☐  **AI-ASSISTED:** Review and confirm all jobs scheduled for the week (check Google Sheets pipeline) *Momentrix AI reads the Google Sheets pipeline, flags any gaps or conflicts, and generates a summary for admin to review and confirm.*
- ☐  **AI-ASSISTED:** Send crew weekly job briefings (addresses, start times, job details) *Momentrix AI drafts individual briefing messages per crew member from the job tracker; admin reviews and sends via email or WhatsApp.*
- ☐  **AI-ASSISTED:** Follow up any outstanding quotes from the previous week *Momentrix AI identifies all quotes sent 5+ days ago with no response and drafts*

follow-up emails; admin reviews and sends.

☐  **FULLY AUTOMATED:** Check all subcontractor availability confirmed for the week's jobs *Momentrix AI cross-references the job schedule against confirmed subcontractor availability records and flags any unconfirmed slots automatically.*

☐  **FULLY AUTOMATED:** Review any builder emails or POs received over the weekend *Momentrix AI scans both inboxes every Monday at 7am, categorises new POs and builder emails, and presents a structured summary in the dashboard.*

☐  **FULLY AUTOMATED:** Update job status in tracking system *Momentrix AI auto-updates job statuses in Google Sheets based on email confirmations, PO receipts, and crew briefing acknowledgements.*

TUESDAY — Admin Processing

Process incoming documents, chase overdue money, and confirm materials.

☐  **AI-ASSISTED:** Process any new POs or work orders received from builders *Momentrix AI extracts PO details (job address, scope, value, builder) and pre-fills the job tracker entry; admin reviews, confirms, and files to Google Drive.*

☐  **AI-ASSISTED:** Follow up on all outstanding invoices sent to builders (30+ days overdue) *Momentrix AI generates an aged debtors report and drafts follow-up emails for each overdue invoice; admin reviews tone and sends.*

☐  **FULLY AUTOMATED:** Check materials orders — confirm deliveries scheduled for all active jobs *Momentrix AI cross-checks active job list against materials order log and flags any jobs without a confirmed delivery date, alerting admin via dashboard.*

☐  **HUMAN ONLY:** Update crew schedule if any changes have occurred *Schedule changes require direct communication with crew and subcontractors — relationship and real-time judgment required.*

WEDNESDAY — Mid-Week Check

Confirm active jobs are on track. Send quotes. Chase pipeline leads.

- ☐ 🤝 **AI-ASSISTED:** Mid-week job status check — confirm all active jobs are on track *Momentrix AI compiles a mid-week status snapshot from the job tracker and flags any at-risk jobs; admin reviews and takes action where needed.*
 - ☐ 🤖 **FULLY AUTOMATED:** Chase any missing subcontractor invoices for the current week *Momentrix AI identifies subcontractors with active jobs but no invoice received, and sends automated chase emails every Wednesday at 9am.*
 - ☐ 🤝 **AI-ASSISTED:** Send any quotes that are ready to go out *Momentrix AI formats and packages completed quotes into branded PDFs; admin does a final review of pricing and scope before sending.*
 - ☐ 🤝 **AI-ASSISTED:** Follow up leads in the pipeline *Momentrix AI identifies pipeline leads with no activity for 5+ days and drafts follow-up messages; admin reviews and sends.*
-

THURSDAY — Invoice Collection & Approval

Collect all subcontractor invoices. Compile report. Send to Micky for approval.

- ☐ 🤖 **FULLY AUTOMATED:** Collect all subcontractor invoices received this week (Goldstar, Just Uniq / Mase Faatoe, Ben Johnson, and any others) *Momentrix AI scans both inboxes every Thursday at midnight, extracts all subcontractor invoice attachments, and files them to the correct Google Drive folder automatically.*
- ☐ 🤖 **FULLY AUTOMATED:** Compile weekly subcontractor invoice report *Momentrix AI compiles all collected invoices into a numbered, formatted report (subcontractor name, invoice number, amount ex GST, job reference) ready for approval.*
- ☐ 🤝 **AI-ASSISTED:** Send approval email to micky@renderrender.com.au with numbered invoice list for approval to pay *Momentrix AI drafts the approval email with the compiled invoice list attached; admin reviews the total and sends to Micky by 12pm Thursday.*
- ☐ 🤖 **FULLY AUTOMATED:** Chase any missing invoices from subcontractors *Momentrix AI identifies subcontractors with completed jobs but no invoice submitted and sends automated chase messages every Thursday at 8am.*
- ☐ 🤝 **AI-ASSISTED:** Prepare weekly operations report *Momentrix AI pulls data from the job tracker, invoice log, and pipeline to generate a draft operations*

report; admin reviews figures and adds any notes before Friday distribution.

FRIDAY — Close-Out & Next Week Prep

Payments, reporting, filing, and next week locked in before 3pm.

- ☐  **HUMAN ONLY:** Confirm Micky has approved all invoices before processing payments *Approval confirmation must be verified directly — do not process any payments without explicit written approval from Micky.*
 - ☐  **HUMAN ONLY:** Process approved subcontractor payments (manual bank transfer at 12pm Friday) *Bank payments require human authorisation and execution. Operations Manager processes all approved payments at 12pm every Friday.*
 - ☐  **AI-ASSISTED:** Send weekly report summary to King *Momentrix AI compiles the final weekly summary (jobs completed, revenue, invoices paid, pipeline status); admin reviews and sends to King by 2pm Friday.*
 - ☐  **AI-ASSISTED:** Confirm next week's jobs are scheduled and crew briefings are ready to send Monday *Momentrix AI pre-builds next week's crew briefing drafts from the pipeline; admin reviews job details and confirms schedule is locked.*
 - ☐  **FULLY AUTOMATED:** File all invoices and documents to Google Drive *Momentrix AI automatically files all processed invoices and documents to the correct Google Drive folder structure every Friday at 3pm.*
 - ☐  **HUMAN ONLY:** Bank reconciliation check *Reconciliation requires cross-checking bank statements against payment records — requires human review and sign-off by the Operations Manager.*
-

EVERY DAY — Non-Negotiable

These three tasks must be completed every single working day without exception.

CRITICAL: The inbox must be monitored and actioned within **2 hours** during business hours (8am–5pm AEST). Failure to respond within 2 hours is a breach of this SOP.

- ☐ 🙋 **AI-ASSISTED:** Check admin@renderrender.com.au and operations@renderrender.com.au — respond or action within 2 hours *Momentrix AI monitors both inboxes in real time, categorises emails by urgency and type, and drafts suggested responses; admin reviews and sends within the 2-hour window.*
 - ☐ 🤖 **FULLY AUTOMATED:** Update job tracker with any status changes *Momentrix AI auto-updates the job tracker in Google Sheets based on email activity, PO receipts, and confirmed completions throughout the day.*
 - ☐ 🤖 **FULLY AUTOMATED:** Log any new leads or enquiries received *Momentrix AI captures all inbound enquiries from email and web forms, creates a lead record, and adds them to the pipeline tracker automatically.*
-

MONTHLY — End of Month Tasks

Complete by the last business day of each month without exception.

- ☐ 🙋 **AI-ASSISTED:** BAS preparation data — compile all income and expense records for the month *Momentrix AI pulls all invoice and payment data for the month and formats it into a BAS-ready summary; admin reviews figures and forwards to accountant.*
 - ☐ 🤖 **FULLY AUTOMATED:** Subcontractor payment summary — total paid to each subcontractor for the month *Momentrix AI generates a monthly payment summary per subcontractor from the payment log and files it to Google Drive automatically on the last Friday of the month.*
 - ☐ 🙋 **AI-ASSISTED:** Revenue vs target review — compare actual invoiced revenue against monthly target *Momentrix AI generates the revenue comparison report; admin and King review together to assess performance and adjust pipeline strategy.*
 - ☐ 🙋 **AI-ASSISTED:** Outstanding debts review — full aged debtors report, all amounts ex GST *Momentrix AI generates a full aged debtors report sorted by days overdue; admin reviews and escalates any 60+ day debts to King immediately.*
-

ESCALATION PATH

Follow this path in order. Do not skip steps. Do not guess. Escalate immediately.

RULE: *If you are unsure about anything — a payment, a decision, a dispute, a missing document — stop and escalate. Do not act on assumptions. Escalate to **King first**, then Micky.*

1. **Attempt to resolve using this SOP:** Check if the situation is covered in this document. If the answer is here, follow the documented process exactly.
2. **Escalate to King (Matty Mannion) — First Contact:** Call or message King directly on **0468 041 477**. Provide a clear, brief summary: what happened, what you need, what the deadline is. King is always the first escalation point.
3. **Escalate to Micky — Operations Manager:** If King is unavailable, contact Micky at **micky@renderrender.com.au**. Micky handles operational decisions, payment approvals, and scheduling conflicts.
4. **Document the issue immediately:** Log the issue in writing — what happened, when, who was involved, and what action was taken. File the record to the **06 — COMPLIANCE & ADMIN** folder in Google Drive.
5. **Do not proceed until authorised:** If the issue involves a payment, a dispute, a missing document, or a builder complaint — do not take further action until you have explicit written authorisation from King or Micky.

Common Escalation Triggers

- A builder disputes an invoice or refuses to pay
- A subcontractor invoice amount does not match the agreed rate
- A job is cancelled or delayed by a builder without notice
- A payment has been made to the wrong account
- A subcontractor raises a complaint or dispute

- Any document is lost, deleted, or cannot be located
- An email from a builder contains a legal threat or formal complaint
- Any amount over \$5,000 that is not part of the normal weekly payment run

Never Do These Without Authorisation

- Process any payment not on the approved weekly invoice list
 - Delete any file, email, or document — ever
 - Agree to a variation or scope change on behalf of the business
 - Issue a credit note or refund without King's approval
 - Share financial information with any external party
 - Respond to a legal letter or formal complaint without King's direction
 - Change a subcontractor's rate or payment terms
 - Commit to a new job or contract without a signed PO
-

ADMIN RULES — ALWAYS APPLY

These rules apply to every task, every day, without exception.

Document & Filing Rules

- **Never delete anything.** Archive, do not delete. If in doubt, ask King.
- Always file original documents — never overwrite or replace an original.
- Every invoice, PO, and work order must be filed to Google Drive on the day it is received.
- All document names must include: date, builder/subcontractor name, and document type.
- PDFs only for all filed documents — no screenshots, no photos of documents.
- The Google Drive folder structure must be maintained exactly as documented above.

Financial Rules

- **All amounts are ex GST unless explicitly stated otherwise.**
- No payment is processed without Micky's written approval — no exceptions.
- All invoices must be cross-checked against the job tracker before approval is sent.
- Aged debtors must be reviewed weekly — any 60+ day debt escalated to King immediately.
- No credit notes, refunds, or adjustments without King's written authorisation.
- All financial records must be retained for a minimum of 7 years.

Communication Rules

- Both inboxes must be checked and actioned within 2 hours during business hours.
- All external communications must be professional, on-brand, and reviewed before sending.
- Never make commitments on behalf of the business without authorisation from King or Micky.
- All builder and subcontractor communications must be via the official email addresses only.
- Personal email or phone must never be used for business communications.
- All sent emails relating to jobs, invoices, or payments must be filed to Google Drive.

Access & Security Rules

- Google Drive access is for Render King team members only — never share externally.
- Do not forward internal documents, reports, or financial data to personal email addresses.
- Report any suspicious emails or phishing attempts to King immediately.
- All passwords must be stored in the approved password manager — never in email or notes.

- If you leave the business, all access must be revoked on your final day — notify King.
